To whom it may concern,

My name is Yuwen Zhang, a PhD student in Auckland Bioengineering Institute. I want to use two figures of a paper from ATS Journals in my PhD thesis, so I am here applying for the permission. I tried to use [Copyright Clearance Center](#), but it is not available for the thesis use. The following is the information:

Article title: Clinical course and prediction of survival in idiopathic pulmonary fibrosis

author(s): Brett Ley, Harold R. Collard, and Talmadge E. King Jr

page range: 431-440

volume number: 183

journal title: Am J Respir Crit Care Med

Figure number: Figure 1

Please consider about my application. Thank you very much!

Regards,  
Yuwen
